

YAREMS

2021 IS ABOUT HYBRID WORK

We help businesses embark on the
road to workplace transformation

The pandemic experience has ushered in a new era of flexible work

Before COVID

29%

Of companies had at least 60% of their workforce working from home at least once a week.

After COVID

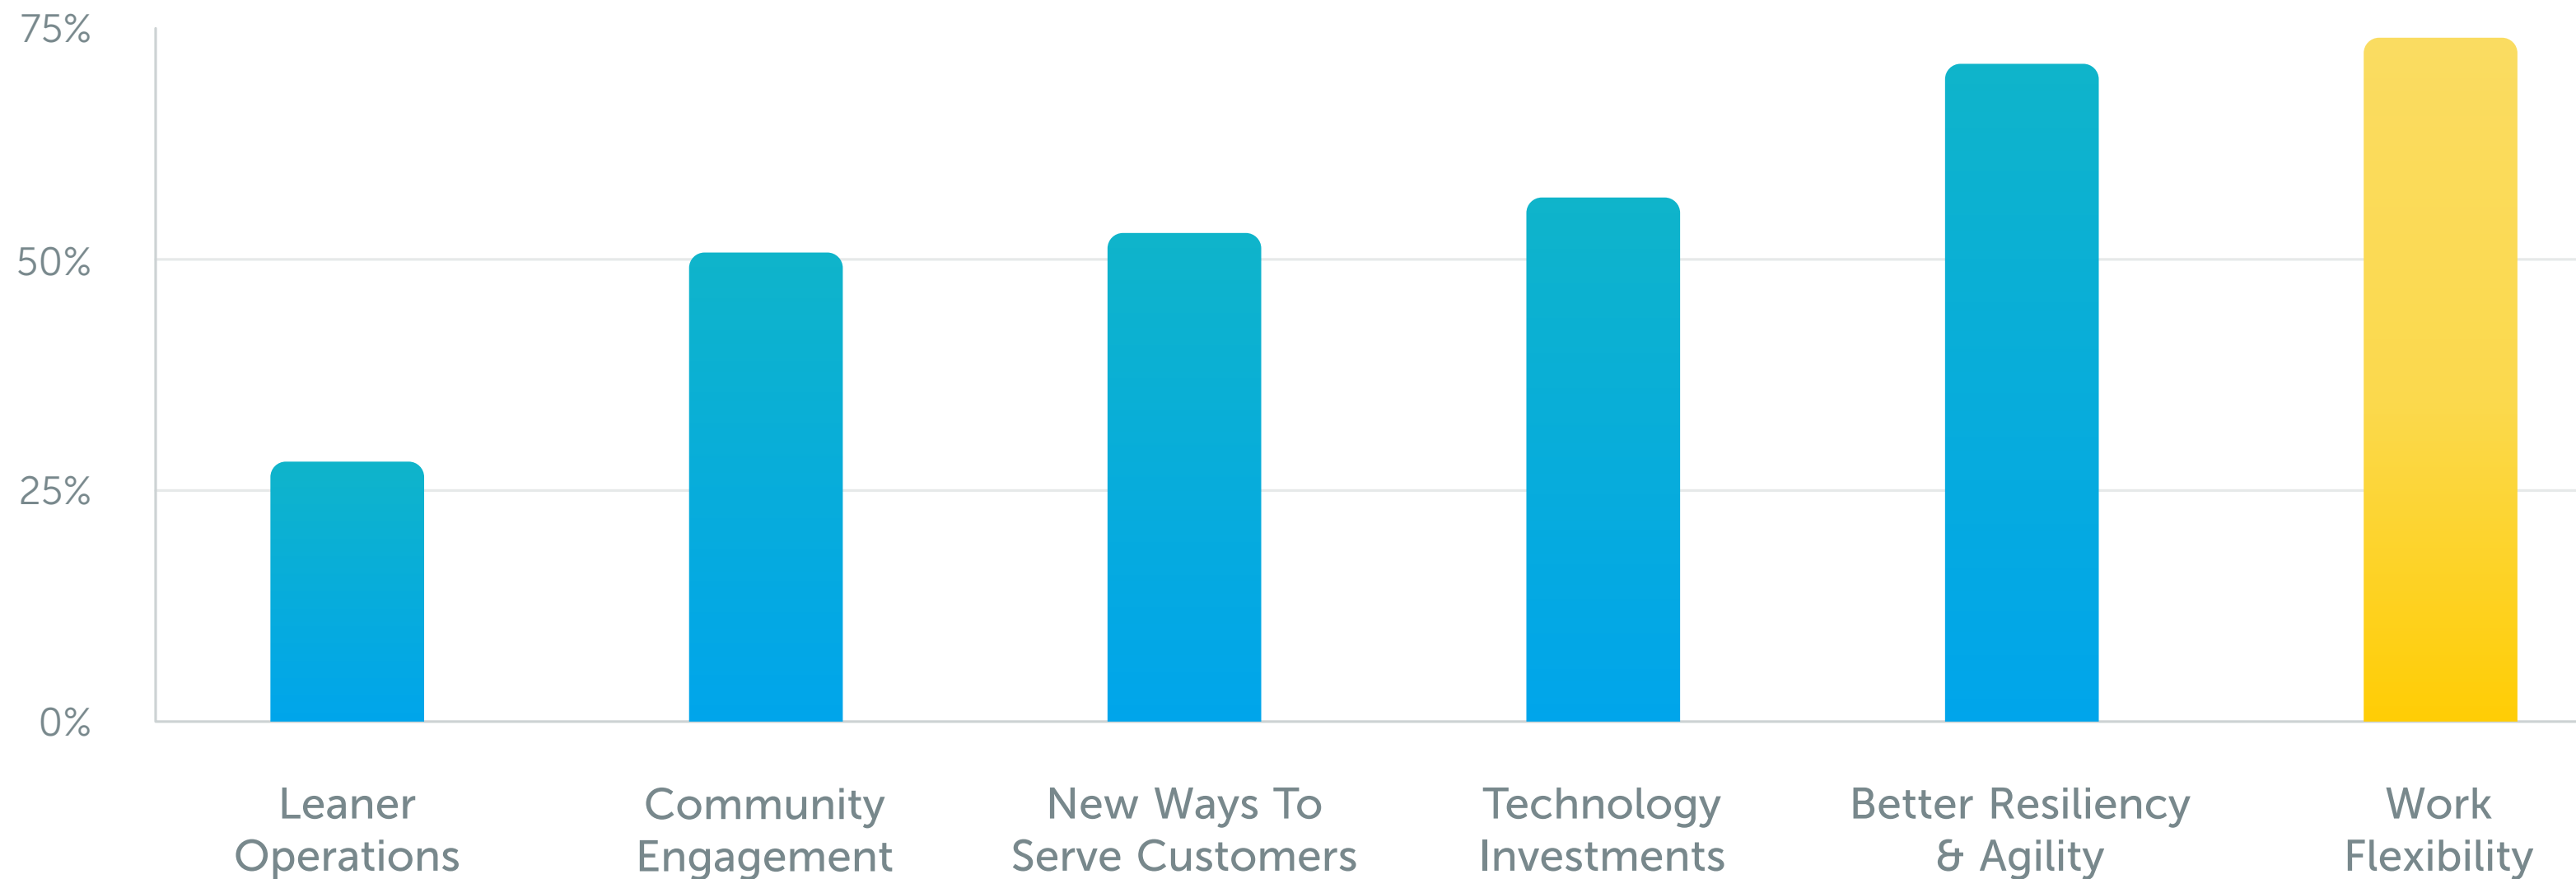

69%

of companies expect to have 60% of their workforce working from home at least once a week.

The gap between Facilities & HR Departments

A no win situation

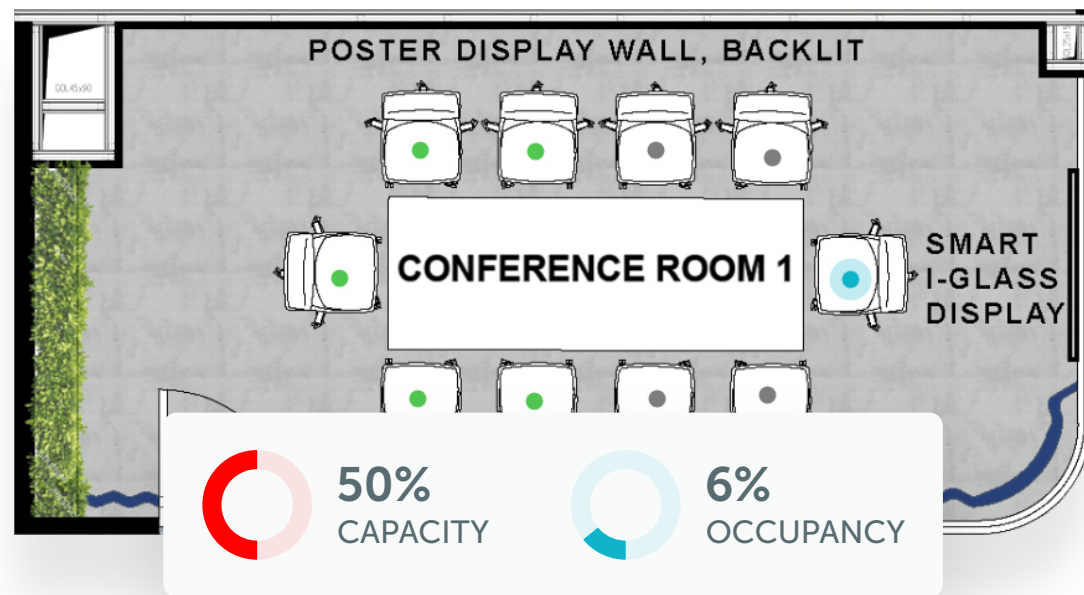

HR & Team leads need visibility & Control over the network status of their subordinates.

Facility Managers struggle to ensure compliance with workplace safety standards

Employee autonomy is affected

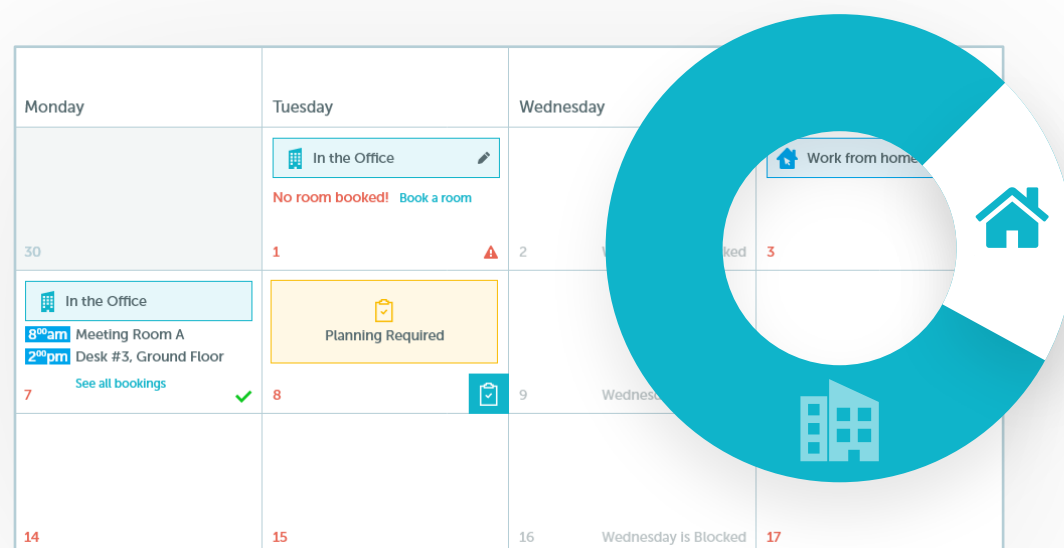

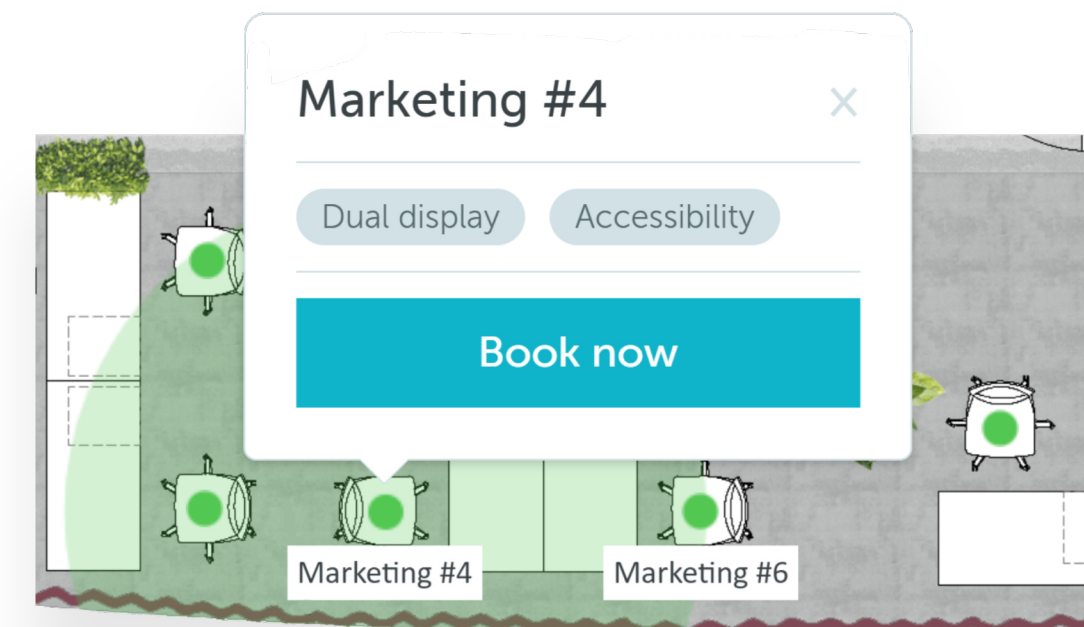

YARMS Workplace Experience

Where HR & Facilities meet

Employees Autonomously Plan their work and book desks, parking spaces & rooms when they are in the office.

Facilities

2nd floor of the HQ should not exceed 50% Capacity

HR

Financial department works from home 20% of the time.

Case Study

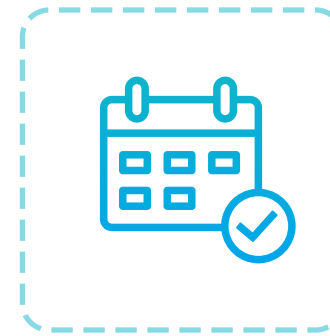

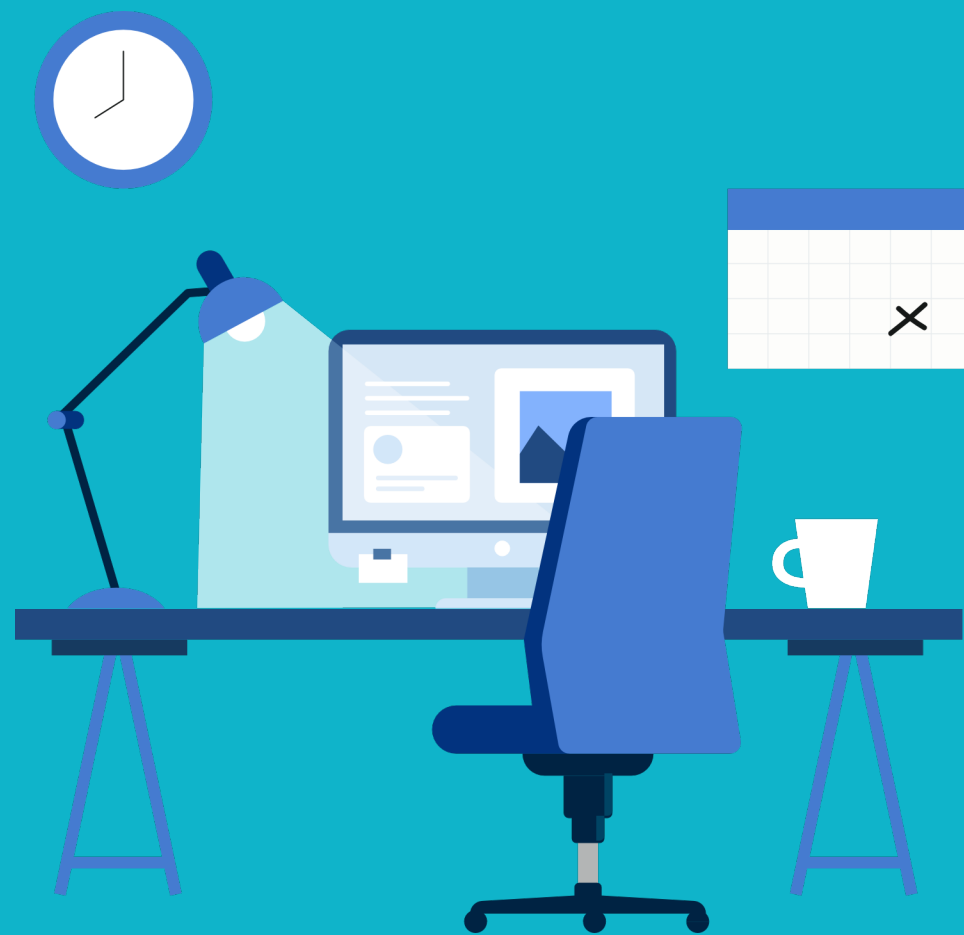

A full return to the office in only **7 days**.

2000 employees from **13** offices across Italy got back to work safely.
